PROFESSIONAL SUMMARY

Bilingual (English/French) IT Support Specialist with 4+ years of experience delivering Tier 1–2 technical support, troubleshooting end-user issues, and maintaining enterprise IT environments. Proven ability to resolve 15–25+ daily incidents across hardware, software, and network systems while maintaining SLA compliance and high customer satisfaction. Strong expertise in Active Directory, Microsoft 365, and network troubleshooting (DNS, DHCP, TCP/IP), with a hands-on approach to incident resolution, user support, and IT operations.

CORE SKILLS

- **IT Support & Troubleshooting:** Tier 1/2 support, incident management (ITSM), hardware/software/network issue resolution
- **Active Directory & Microsoft 365:** User management, password resets, access control, Outlook, Teams, SharePoint
- **Networking:** TCP/IP, DNS, DHCP, VPN, LAN/WAN troubleshooting
- **Systems:** Windows 10/11, Windows Server, Linux (Ubuntu/CentOS)
- **Remote Support & Tools:** RDP, TeamViewer, command-line tools (ping, ipconfig, tracert)
- **Security Fundamentals:** Access control, endpoint protection, log analysis
- **Documentation & Communication:** Ticketing, SOPs, bilingual support (English/French)

CERTIFICATIONS

- CompTIA Security+ — Jan 2026
- Cisco CCNA — In Progress (Expected 2026)
- SC-200 (Microsoft Security Operations Analyst) — In Progress (Expected 2026)

EDUCATION

Cloud Development and Operations
Algonquin College, Ottawa, ON **May 2025 – December 2025**

Algonquin College, Ottawa, ON **March 2023 - June 2024**

Bachelor's Degree in Electronics and Electrical Engineering
University of Bamenda **November 2013 – September 2016**

PROFESSIONAL EXPERIENCE

Bilingual Customer Service Representative **December 2022 - January 2023**
MSI-Corp, Ottawa, Canada

- Handled 20+ daily customer and technical inquiries as first point of contact, ensuring timely resolution and escalation in a fast-paced environment
- Resolved complex technical inquiries in English and French while maintaining 98% customer satisfaction rate
- Investigated recurring technical issues (connectivity, configuration errors) and collaborated with IT teams to reduce repeat incidents by 25%
- Improved ticket documentation accuracy and resolution workflows, reducing repeat issues and enhancing team efficiency
- Communicated technical findings clearly to both technical teams and non-technical stakeholders

Electronics Instructor
CETIC de Djaglassi, Bertoua, Cameroon **April 2017 - October 2022**

- Delivered hands-on technical training to 30+ students, focusing on troubleshooting, diagnostics, and system analysis
- Developed structured documentation and instructional materials to support learning and troubleshooting processes
- Promoted safe system usage and foundational IT and security practices
- Strengthened analytical thinking, problem-solving, and technical communication skills in real-world scenarios

Help Desk Support Specialist
CAMTEL Cameroun, Garoua, Cameroon **November 2011 - October 2013**

- Delivered Tier 1 and Tier 2 support, resolving 15–25+ daily incidents across hardware, software, and network environments while meeting SLA targets
- Supported 100+ users across Windows, Linux, Microsoft 365 (Outlook, Teams, SharePoint) environments, troubleshooting access, configuration, and connectivity issues
- Reviewed system logs and user activity to diagnose and resolve security-related incidents
- Managed 100+ user accounts in Active Directory, including password resets, account unlocks, and access provisioning
- Logged, tracked, and resolved incidents using ITSM tools, ensuring accurate documentation and proper escalation
- Used remote access tools (RDP, TeamViewer) to deliver efficient remote support and minimize user downtime

Technical Support Agent
CAMTEL Cameroun, Garoua, Cameroon **September 2009 – October 2010**

- Installed and configured 10+ desktop systems and network devices, ensuring reliable performance and connectivity
- Implemented basic access controls and firewall rules to improve system security
- Assisted with system upgrades, patches, and routine maintenance to minimize downtime
- Provided end-user training, reducing recurring technical and security incidents

PROFESIONAL & COMMUNITY INVOLVEMENT

- BSide Cybersecurity Conference, Ottawa (2024, 2025)
- Women of Security (WoSec), Ottawa (July 2025)
